**About Unitron Hearing**

Unitron Hearing creates high-value, easy-to use hearing solutions that make everyday listening easier for people with hearing loss. The Company works with hearing healthcare professionals around the world to deliver innovative hearing devices that meet the needs of every hearing loss and lifestyle.

e<sup>16</sup>

“These are the best hearing aids that I have worn to date. I like the selection of different programs designed for different environments, and how the hearing aid is customized just for me.”

– T. Johnson, binaural Element 16 full shell Power wearer

**Element™ 16 and you**

- ▶ Ideal for busy, active people who interact in many different listening environments
- ▶ Automatic performance leaves you free to enjoy the moment
- ▶ Gives just the right emphasis to soft and loud speech
- ▶ Brilliant sound quality

element™

this is your element

**It's a personal choice**

Everyone's lifestyles and budgets are unique, just as every person's hearing loss is unique. The Element™ series of hearing instruments, Element 16, Element 8, and Element 4, allows you and your hearing healthcare professional to truly personalize your Element hearing instruments to your life. What's more is Element's brilliant sound quality provides the best listening experience so you can hear more of what you want to hear and less of what you don't.

**Keep your hands free**

AutoPro2™ analyzes your listening environment and automatically adapts to give you the best listening experience in both quiet and noisy situations.

**Enjoy every word**

Speech enhancement LD identifies and highlights soft speech to improve ease of listening.

**Go ahead, slam the door**

Element's antiShock™ technology removes the discomfort of sudden sounds that you don't want to hear, like a door slamming, without affecting the sounds you want to hear, like conversation.

**Take comfort**

Background noise and unwanted wind noise are suppressed with Element's two unique noise managers.

**No whistling here**

Element's sophisticated feedback canceller prevents the discomfort of whistling that can happen with any hearing instrument.

**Pick up the phone**

When you pick up the telephone or cell phone, easy-t automatically switches to a program optimized for telephone use.

**Personalize your Element™**

Element is available in a full range of styles and colors, including open fitting options, Moda™ and Moxi™.
